CLAUSE 01

Perpetual usage *rights.*

01

WHAT IT SAYS

"Forever, in all media." A brand can run your face in its ads for years.

ASK FOR

A time limit, and paid usage priced separately.

Organic posting and paid ads are two different jobs. Price them that way.

CLAUSE 02

Broad *exclusivity.*

02

WHAT IT SAYS

"No competing brands." No category, no end date.

ASK FOR

The named competitors, and a fixed period.

Open exclusivity can block your income for a year. It should cost the brand money.

CLAUSES 03 + 04

Money and *labels.*

03

03 · PAYMENT 90 DAYS AFTER POSTING

Common, and painful for small creators.

ASK FOR

30 days.

04 · NO DISCLOSURE CLAUSE

If a paid post isn't labelled, both sides carry the risk.

ASK FOR

The exact ad label, written into the contract.

CLAUSES 05 + 06

Scope *creep.*

05

05 · UNLIMITED REVISIONS

The brief changes, you reshoot for free.

ASK FOR

Two rounds.

06 · "SOME STORIES"

That isn't a deliverable.

ASK FOR

Number, format, length and posting window.

CLAUSE 07

No kill *fee.*

07

WHAT IT SAYS

The brand cancels after you've shot it. You get nothing.

ASK FOR

Payment for the work already done.

Not legal advice. For anything big, get a lawyer to read it.
